### COMMANDMENTS FOR MARRIED

Flood of Replies Submitted in Popular News Contest

IDEAS GIVEN BY MEN, WOMEN

Best Thought of Community Sought-Thru Answers

Commandments for married men and women, written in reply to the contest being conducted by The News to bring out the best thought of the community along this line, are furnishing much valuable material. A flow of letters has been coming in, attesting to the popularity of this contest and the desire of the public to express their ideas concerning the conduct of married persons. The News will pay \$25 for the best answers, divided as follows: For the best set of ten commandments for married men, \$7.50; for the second best set, \$5 and for the three next best sets, two tickets each to the authors' favorite movie theater. The same order awards will be paid for the best set of ten commandments for married women.

**BECKER IS JUDGE**  
Judge Fred C. Becker of Common Pleas court, who has made a record for settlement of domestic problems, will be the presiding judge in the contest. He will be assisted by a man and woman, ably fitted to pass on the commandments.

Herewith are given a few lists of commandments submitted in the contest. The fact that they are published does not mean they are the best. They are picked at random from the large number received.

Everyone is eligible to enter and may submit as many lists as desired. They should be addressed to the Contest Editor, The News.

**FOR MARRIED WOMEN**  
Here are ten commandments for married women:

- 1—Thou shalt not have no other man except thy husband; neither shall thou have another.
- 2—Thou shalt not neglect thy home for a bargain sale or club or suffrage propaganda.
- 3—Thou shalt not be a peach on the street, a pippin in society and a lemon in the home.
- 4—Thou shalt not wear \$50 bonnets and imported lingerie when thy husband wears a cent and hand-me-down trousers.
- 5—Thou shalt not play bridge whilst thy husband is either asleep or slapping the sparkling cup.
- 6—Thou shalt use the same blandishment on thy husband as thou dost use on the sweetest and be shall always be thy lover.
- 7—Thou shalt not nag thy husband nor thy son nor thy daughter nor thy servant.
- 8—Thou shalt suffer little children to come to thy great big knees and hug them.
- 9—Thou shalt not neglect to play for thy children; neither shalt thou neglect to speak to them.
- 10—Thou shalt not rear thy children by proxy, but thyself shall be their mother.

W. C. Fessler,  
739 Oak-st., Lima.

**YOUNG WOMAN'S IDEAS**  
Here is a young woman's idea of commandments for married men. She says a husband:

- 1—Should love his wife.
- 2—Should respect his wife more than any other woman.
- 3—Should be of his wife's pleasures first and then his own.
- 4—Divide money with wife.
- 5—Do not unmanly talk when in wife's presence and let her no lie.
- 6—Consult wife when spending money of great amount.
- 7—Do not neglect appearance and dress when in wife's presence.
- 8—Should take wife out for pleasure instead of other women.
- 9—Be polite to wife.
- 10—Should keep no secrets from wife.

Miss Mabel Taylor,  
Spencerville, O.

**WRITTEN FOR MEN BY MAN**  
Here is a set of commandments for married men written by a man:

- 1—You must provide for your family.
- 2—Never spend your money foolishly when your family needs it.
- 3—You must not be selfish, but kind and considerate with your family and allow them some pleasures, also.
- 4—Do not dress above your means and let your family go in rags.
- 5—You must not stay out all night unless you have to for so doing you set a bad example for your children, and if you have none your place is at home with your wife.
- 6—Never quarrel with your wife about trivial matters; remember you also have your faults.
- 7—You must not consider your wife a slave, but give her the same liberty you take.
- 8—You must not be jealous of your wife without just cause; you should be proud that she is admired by others.
- 9—You must not associate with other women; remember you married your wife for them.
- 10—You must make your home a decent place for your family and uphold your position as a married man.

### "AMERICANIZATION AND CITIZENSHIP" SLAGGED OF BNAI BRITH LODGE

A rousing meeting of Lima Lodge Bnai Brith was held Tuesday night at the Temple Beth Israel, where, when Samuel Kleinberger gave a comprehensive report of the meeting of representatives of the order from twelve states, in the jurisdiction of District No. 2, at the Statler Hotel in St. Louis. Mr. Kleinberger and Samuel Blattner were the delegates from Lima lodge. Henry Schwartz attended as an alternate.

"Americanization and Citizenship" was the keynote of Tuesday night's convention and was aptly the slogan of the order. Mr. Kleinberger explained in detail to the large assembly at the local Temple the plans of the organization for the future. There were 280 delegates present at the St. Louis convention. Mr. Kleinberger was appointed a member of the general committee on welfare.

**MAIL SERVICE RESUMED.**  
WASHINGTON.—Resumption of mail service between the United States and Vilna, Poland, was announced today in the official postal bulletin.

## CHIEF JUSTICE WHITE DYING

Head of U. S. Supreme Court Stricken With Bladder Trouble

OPERATED ON LAST FRIDAY

Breathing at Noon But Death Expected Any Moment

WASHINGTON.—(By United Press).—The chief justice of the United States supreme court was dying today.

Edward Douglass White, former confederate soldier, one-time United States senator and a member of the most powerful judicial body in the world long enough to see a generation of famous lawyers rise and pass, cannot recover from the effects of an operation; his physicians said.

Only three weeks ago White delivered a vigorous, partial dissent from the opinion of his colleagues in the Government's prosecution of Senator Truman H. Newberry of Michigan.

**OPERATED ON.**

Last Friday, the chief justice went to Garfield hospital for an operation for bladder trouble. White, who is 75, rallied immediately from it. Yesterday a sinking spell began and his physician, Dr. Francis C. Haguer, said White could not live thru the night. White was still breathing at noon today, however.

For years White has conducted a game fight against physical disability, playing by the book he loved when a less determined man would have retired.

White's years told on his eyes and ears. In reading the numbers of the cases he called, he bent close to the page and often had to appeal to Justice McKenna or Holmes who sat beside him on the bench. Unless attorneys spoke in loud voices White, had to cup his hand over his ear and lean far over his high desk to hear what they said.

**SELDOM MISSED COURT.**

But despite his physical disabilities, often painful, White seldom missed a Monday in court, which is decision day and his illness apparently never affected his almost gentle demeanor toward attorneys appearing before him. Young lawyers, accustomed to stern judges who glared and hammered their desks, found an agreeable surprise in White.

After leaning over his desk to catch a motion made by an attorney White would nod his great head topped by a grizzled fuzz of gray hair. "We will take that under consideration, thank you," was the usual reply given with a smile.

White was born in the parish of Lafourche, La., in November 1845 and was educated at Mount Marys in the state of his birth, at Jesuit college in New Orleans and later his law training at Georgetown University in Washington.

White served in the Confederate army. Justice Oliver Wendell Holmes who sits beside White in the court, was a captain in the Union army.

White was elected to the Louisiana state supreme court four years later. In 1891 he took his seat in the United States senate, but never finished his term. In 1894 President Cleveland appointed him to the United States supreme court.

## WARNING SENT TO OREGON

Mexican President Told to Change His Policy

MEXICO CITY.—(By Associated Press).—"Beware the fate of Francisco Madero, who failed to heed solicitations to change his policy, and fell," was the warning sent to President Obregon last night by Liberal-Constitutionalists and the senate. This warning was contained in a memorial drafted at a caucus of the Liberal-Constitutionalists and it made pointed charges that P. Elias Galles, secretary of the interior, and Adolfo de la Huerta, former president, and now secretary of the treasury, had attempted to cause disaffection against the Obregon administration. The document was signed by 138 deputies and several senators.

Referring to the necessity of President Obregon changing his policy immediately, the memorial said:

"In connection with the invasion of the chamber of deputies by radicals last week, the press has published your statements, which are almost identical with those made officially by the Confederation of Syndicated Workers. You have stated the attack was of small importance, but this is a statement which is at absolute variance with all the concepts of society."

Secretaries Calles and de la Huerta were charged with attempting to use their offices to propagate radicalism. There was no request made, however, for the resignations of the two members of the cabinet.

NEWPORT, Ky.—Daniel Carter, Cynthia, Ky.; Harry Vickers, Covington and R. V. Suttles, recently returned from Toledo, saved their way from the Newport jail and escaped.

CHIEF JUSTICE WHITE

## 700 DRY AGENTS ARE LAID OFF

Suspended for Lack of Funds to Pay Salaries.

ONLY 500 LEFT ON DUTY

Difficulty Expected in Enforcement of Prohibition

WASHINGTON.—(By Associated Press).—About 700 prohibition enforcement agents in various parts of the country have been temporarily laid off for lack of funds to pay their salaries. It was announced today at Prohibition Enforcement headquarters here.

Failure of congress to provide \$250,000 asked for by the prohibition commissioner to pay salaries of field agents until the end of the present fiscal year, officials said, necessitated a cut of about two-thirds in the field forces.

The men were given a 40 day vacation without pay, but it was said, will be reinstated on July 1, when the appropriations for the next fiscal year become available. About 500 agents remain on duty, officials said, but many of them are office men. While they expect some difficulty in the strict enforcement of the dry laws with such a reduced staff, the prohibition enforcement officers indicated that aid would not be asked of the department of justice or other government agencies.

**DRY AGENTS NAMED**

WASHINGTON.—Appointment of John Kjellander, of Chicago, as supervising federal prohibition agent for the central department, with headquarters at Chicago, was announced today by the internal revenue bureau.

Bert C. Morgan, of Indianapolis, was appointed federal prohibition director for Indiana today by the internal revenue bureau. He succeeds Charles J. Orbison.

## WIDOW TO TESTIFY

Faces Accused Slayer of W. C. Sly in Court Today

CLEVELAND.—(By Associated Press).—Testimony in the case of Sam Purpera, on trial for the first degree murder of W. C. Sly began today with the widow of the dead manufacturer slated to be one of the first of the witnesses.

Louis Komer, star witness last week in the trial of Frank Motto, another member of the bandit gang, who was sentenced to the electric chair for his part in the murder, will be principal witness against Purpera.

Four women and eight men are on the jury which is trying Purpera, who also is under indictment for the murder of G. K. Fanner. Fanner and Sly were killed during a payroll holdup last December.

## SWITCHMEN'S UNION TO ELECT OFFICERS TODAY

TOLEDO.—The Switchmen's Union of North America in convention here since a week ago last Monday, probably will adjourn tonight to meet three years hence in one of four cities. Chicago, St. Louis, Waco, Texas, and Denver, are in the competition for the 1924 meeting.

The delegates were to begin today on balloting for officers. Thomas Ciochery of Chicago, and T. C. Cashen, of Cleveland, are candidates for the presidency to succeed S. E. Heering of Buffalo, who declined to run again.

Ciochery is a vice-president of the union and Cashen, a member of the present board of directors. Other present officers probably will be re-elected it was said.

## RAIL WAGE CUT TO HIT ALL CLASSES

Skilled, Unskilled Included in Labor Board's Decision

WILL AFFECT 2,000,000 MEN

Reduction to Become Effective First of July

CHICAGO.—(By Associated Press).—A general reduction of wages for unskilled railroad employees effective July 1, which was forecast by the railroad labor board in an announcement last night, will be made the basis of reductions extending to all classes of railway employees, it was understood today.

Altho only the Chicago Great Western, the Chicago and Alton and a few other carriers have requested that the wage reductions be extended to all classes, provision was made by the board in its announcement for the filing of other petitions up to June 6, and it was believed others' her of maintenance employees has their applications to include shop, train service and other classes of employees. The new applications filed up to June 6, the board's announcement said, would be decided to take effect also on July 1.

**AMOUNT NOT KNOWN**  
The June 1 decision, it was announced, would cover applications filed prior to April 18, and those filed since will be decided June 6, all to take effect July 1.

Nearly half of the 130 Class A roads in the country filed their disputes in time to have them docketed before April 18, but only a few requested that the wage decreases apply to all classes.

No intimation was given in the board's announcement as to the probable extent of the cut. Last July the board increased wages of unskilled labor and some other classes 20 per cent, making it retroactive to May 1, 1920.

**ROADS DISAPPOINTED**

"The general effect of the decision will be to retard track work," said S. M. Felton, president of the Chicago Great Western. Railroad executives said track maintenance and repair crews had been kept at skeleton strength hoping for a wage cut effective April 1. Disappointment was expressed that the cut was delayed until July, as by that time, it was said, the heaviest part of track rehabilitation work is generally completed.

The decision last July affected approximately 2,000,000 men and granted increases totalling nearly \$600,000,000 a year. The average raise then was 2 per cent. The normal number of unskilled employees on Class A roads, railroad executives said, was 500,000, but in anticipation of a wage cut, the number of maintenance employees has been kept considerably below that figure.

## U. S. FLEETS MAY BE JOINED

Navy Plans to Reverse Policy of Dividing Ships

WASHINGTON.—(By United Press).—The Atlantic and Pacific fleets are to be joined into one American armada if present plans of the navy department are carried out, it was learned authoritatively today.

The question of bringing the two fleets together is understood now to be before President Harding. A decision by the president and Secretary of the Navy Denby is expected shortly.

If a favorable decision is given to the plan to join the two American fleets this will be a rejection of the policy of former Secretary of the Navy Daniels, who first divided the United States navy into the Pacific and Atlantic fleets in the summer of 1913.

President Harding and Secretary Denby also are understood now to be considering in what ocean, the Atlantic or Pacific, the combined American fleet should be stationed, if it be decided to bring the two fleets together.

While no decision has been reached on this point, naval officials believe that the new fleet should be assigned at first to the Pacific. This is denied that this would be any evidence of unfriendliness toward Japan, these officials think that the international situation is such that it would be better that the main fleet be stationed in the Pacific.

**"ARTHUR HAD A LITTLE LAMB"**

DELPHOS.—School children used to recite on special occasions "Mary had a Little Lamb." Others are eligible to possess a lambkin and Arthur Hedrick, employed at the Clover Leaf depot here, acquired one of the fleecy little fellows a few months ago. It became so attached to Art that it insisted on following him everywhere. The inevitable result was that it became a nuisance. The butcher was called upon as first aid in separating Art from his nemes-

## FRANKLIN LANE TAKEN BY DEATH

Member of Wilson's Cabinet Dies at Rochester, Minn.

OPERATED ON FEW DAYS AGO

Suffering from Gall Stones and Appendicitis

ROCHESTER, Minn.—(By Associated Press).—Franklin K. Lane, former secretary of the interior, died at a local hospital early this morning. Death was due to an attack of angina pectoris.

Mr. Lane was operated on here May 6, for gall stones and appendicitis and was said to be recovering when heart disease, from which he had suffered from time to time, during the past eight months, developed. Hospital physicians expressed the belief that the operation would remove the heart affection but an attack early today developed fatally.

Immediately after he had recovered from the influences of the anesthetic Mr. Lane said:

**LEAVES NO ESTATE**  
"I am surprised to be alive. I hope to be able to live a long life, doing good things forever."

Mr. Lane left no estate.

Following his resignation from the Wilson cabinet, Mr. Lane sought to recover his health and came here in January of this year. He was advised to spend the winter in a warmer climate and visited in California, returning early this month. His condition was favorable for an operation and continued improvement was noted until the heart attack which developed this morning.

**CALLED TO BEDSIDE**

Mrs. Lane and George W. Lane, a brother, were called to the bedside shortly before 5 a. m., today, and were with him when he died. Last night it was thought that Mr. Lane was much improved. His brother spent several hours with him and when he left Mr. Lane said:

"See you in the morning."

Altho Mr. Lane said following the operation that he was surprised to be alive—his improvement had been so marked that his death was unexpected. His son Franklin K. Lane, Jr., and his daughter, Mrs. Phillip Kaufman, of Washington, were at their homes when their father died, as was his sister, Mrs. M. A. Anderson, of Oakland, California. George W. Lane said this morning that his brother left no estate whatsoever.

Mr. Lane's body will be taken to Chicago tonight accompanied by his brother and his widow.

**LANE'S CAREER**

Franklin Knight Lane was born near Charlestown, Canada, July 15, 1861. His family moved to California during his childhood. He attended the University of California, graduating with the class of 1886. In 1893, he married Anne Wintermute, of Tacoma, Wash.

He engaged in newspaper work early in life as a reporter, as New York correspondent for western newspapers and as a publisher and editor of the Tacoma Daily News. He was admitted to the California bar in 1898 and practiced law in San Francisco for many years.

He was Democratic candidate for governor of California in 1902 and received his party vote in the legislature for United States senator in 1903. He was a member of the interstate commerce commission from 1905 to 1912. In 1913 he was appointed secretary of the interior in the cabinet of President Wilson. He resigned to enter business.

Lane resigned as secretary of the interior when President Wilson's cabinet on March 1, 1920.

He was vice-president of the Pan-American Petroleum and Transport Company until his death.

## HELD AS SLAYER

Alabama Man Accused of Killing 19-Year-Old Bride

DECATUR, Alabama.—(By Associated Press).—W. F. Seay, department store clerk, was being held under arrest here today charged with the murder of his 19-year-old bride, whose body was found in a mutilated condition on the outskirts of Florence, Alabama, Sunday night.

After being lodged in jail here yesterday, Seay, who was arrested at Florence as he approached the home of his mother, made an unsuccessful attempt to burn the jail by making a bonfire of his bedding and clothing in his cell. The attempt was frustrated by the quick use of a fire extinguisher.

Seay was said to have later attempted suicide by butting his head against the bars of his cell.

**CONFECTIONERS MEET.**

CINCINNATI.—The convention of the National Association of Retail Confectioners held its first session here today with about 200 delegates present. Speakers on the program included H. W. Tolles, vice president of the organization, H. B. Fuller, Chicago, on "The Tax on Confectionery," and Bryant Venable, of Cincinnati. The convention will be in session over Friday.

## FRANCE IS WARNED OF SILESIA POLICY

Britain Demands Versailles Treaty Be Adhered To

ENTENTE BREAK IS FEARED

Lloyd-George Issues Statement on Pole Uprising

LONDON.—(By Associated Press).—Mr. Lloyd-George, the prime minister, issued a statement this morning reiterating the British attitude towards the Upper Silesian question expressed by him in his recent speech in the house of commons, and disclaiming responsibility for the "distorted reports in the French newspapers."

In the course of the statement, Mr. Lloyd-George said:

"The fate of Upper Silesia must be decided by the supreme council and not by Korfanty."

**RESTRAINT NECESSARY.**

He continued: "Children of the treaty cannot be allowed to break crockery in Europe with impunity. Somebody must place a restraining hand on them; otherwise there will be continual trouble. Great Britain cannot consent to stand by whilst the treaty her representatives signed less than two years ago is being trampled upon."

The prime minister's statement began as follows:

"I adhere to the statement I made in the house of commons on the subject of Silesia. Naturally I can only accept responsibility for what I actually said and not for the truncated and distorted reports in the French newspapers. The almost unanimous approval by the American and the Italian, as well as the British press to the sentiments I then expressed, show that the great nations who stood by the side of France in the war mean to interpret the treaty of Versailles fairly."

"I have never witnessed such unanimity of any question," continued the statement. All shades of opinion in these three countries take the same view. It would be unfortunate were the French press to take a different view, but we must be tolerant of differences of opinion amongst ourselves."

**JUSTICE DEMANDED.**  
"With all respect, I would say to the French press that the habit of treating every expression of allied opinion which does not coincide with their own as an impertinence, is fraught with mischief. That attitude of mind, if persisted in, will be fatal to any entente."

"The stand taken by the British, American and Italian public on the Silesian question ought not to be offensive to France. They stand by the treaty of Versailles. They mean to apply the terms of the treaty justly, whether they happen to be for or against Germany."

"The fate of Upper Silesia must be decided by the supreme council, and not by Korfanty. Children of the treaty cannot be allowed to break crockery in Europe with impunity. Somebody must place a restraining hand on them; otherwise there will be continual trouble."

"The course of the world in the coming years cannot be forecast. The mists ahead are more than usually dense. Much will depend on the allies holding together."

"Under these circumstances the treaty of Versailles is a document of infinite moment—especially to the nations of the entente. It binds us together when there is so much to divide us. Those who treat its provisions as if they were the sport of passion and prejudice may not have to live long to regret their heedlessness."

## AUDITOR WARNED BY COMMISSION

Industrial Commission Says Retrenchment Here is Necessary

MAY DELAY PUBLIC WORK

Failure of City to Sell Bonds May Be Serious

That Lima is living beyond its means and must retrench was the opinion given City Auditor David L. Rupert, by members of the industrial commission at Columbus late Tuesday. Auditor Rupert went to Columbus to lay the failure of the city to sell its bond issues before the commission, and was successful in inducing that body to purchase \$54,000 of the deficiency notes.

Sale of these bonds to the commission will enable the city to pay operating expenses until July 1. After that date Auditor Rupert states he does not know what can be done. The bonds which the industrial commission agreed to buy are but one half of the deficiency issue and will only cover city expenses for the first half of 1921.

**TAKES HALF OF ISSUE**

The industrial commission is authorized to buy municipal and other securities with money derived from premiums paid under the workman's Compensation law. When first approached the board offered to buy \$50,000 of the \$107,000 worth of securities, but finally after long argument consented to take one half the issue.

"Some plan for selling the balance of the bonds, and the public improvement issues will have to be worked out in the next 30 days, Auditor Rupert declared Wednesday.

"Unless they can be sold or at least a part of them," declared Rupert, "I can see no alternative than to stop at once the sewer, lighting and bridge jobs. It is a hard proposition to sell them, considering the state of the money market."

**CITY MUST RETRENCH**  
"Members of the industrial commission to whom I talked," stated Auditor Rupert, "were unanimous in declaring that Lima must retrench until such time as there is more money in the treasury."

Among the contracts on which work must cease unless cash is secured from almost a million dollars worth of bonds unsold, are the Collett-st sewers, boulevard lighting systems contemplated, several paving contracts and the North and Elm-st bridges.

Could the workmen and contractors be paid in bonds, a partial solution might be found, Auditor Rupert states, however, that this method of financing the work is impossible.

Local bankers and property owners benefited by the improvements may be asked to buy bonds, to finance the work.

## "U. S. WOULD WIPE JAPAN OFF MAP"

World Y. M. Secretary Predicts Outcome of Possible War

CHICAGO.—(By Associated Press).—A fight to a finish between the United States and Japan would result in Japanese being "wiped off the map," George Gleason, international Y. M. C. A. secretary who has just returned from a trip to the Far East, declared today in addressing the Congress on Reduction of Armaments.

Mr. Gleason declared that "only those living in the kindergarten of international affairs could picture the possibility of war between this country and Japan," however, and that combining all the friction growing out of the Isle of Yap, Korea, China and California, would not furnish the remotest cause for war. "Even if there were a cause," he continued, "a real fight to a finish between the two nations would put Japan off the map. The island empire might capture the Philippines, Hawaii or even a part of our west coast, but when the mighty resources and technical skill of this vast continent were once mobilized, Japan, unable to draw on bankrupt Europe, would be literally starved to her knees."

"The Japanese themselves know it."

## OHIOAN KILLS WIFE

Invites Passerby in to See Body of Victim

UPPER SANDUSKY, Ohio.—(By Associated Press).—George Pierce, of Carey, near here, killed his wife today by crushing her skull with the foot rail of a stove.

Pierce, thought to be demented, later brought a passerby into the house, and showing him the body, confessed, saying that his wife had insisted on getting a doctor for him and he wanted to inform her that he did not need medical attention.

## BAPTIST MEETING DRAWS MANY

Toledo Man Is Elected President of State Body

### EDUCATION SOCIETY MEET

Sessions Close With Assembly on Thursday

Over 350 delegates had registered and more were arriving Wednesday morning when the Ohio Baptist convention re-convened. The afternoon and evening sessions were given over to workers from young people's societies all over the state. Over 100 young people were expected to be here for these meetings. A dinner for them is planned for 6:15 Wednesday evening.

Prominent speakers from Ohio and other states have been on the program and have delivered addresses on the various phases of church work. Speakers include Rev. H. A. Heath, New York City; Rev. A. H. Gage, Chicago; Rev. C. W. Chamberlin, Springfield, Mo.; Rev. J. F. Herget, Cincinnati; and Rev. J. F. Herget, who is delivering a series of devotional addresses, one each day.

At the Tuesday evening meeting the work of Denison University was outlined by President C. W. Chamberlin. Denison is the largest Baptist college in the middle west and has contributed many workers to both the religious and the educational field. This was the annual meeting of the Ohio Baptist Education Society and not only were reports read but officers for the coming year were elected. C. W. Chamberlin was chosen president; L. A. Wood was elected vice-president; H. R. Hundley recording secretary; F. G. Boughton secretary and Buynon Spencer, treasurer.

**OFFICERS ELECTED**  
Election of officers of the Ohio Baptist convention was held Tuesday afternoon. E. H. Rhoades, Jr., Toledo, was named as president; D. E. Green, Cleveland, vice-president; S. W. Hamblin, Granville, was made recording secretary and F. B. Wiley, Granville, was elected treasurer. E. H. Rhoades was also made a member of the General Board of Promotion and W. D. Chamberlin was made trustee of the Francis Wayland Foundation. Trustees were also elected for one, two and three year terms.

The convention will close with the Thursday morning session. At this time the place of the next convention will be announced. There will also be addresses by Rev. T. J. Villers, Detroit; Rev. H. F. Stillwell, Cleveland; and J. F. Herget.

## ALLEGED ROBBERS ARE ARRAIGNED

Men Accused of Gambler Holdup in Wapak Asked to Plead

**WAPAKONETA.** — (Special.) — Prosecuting Attorney Karl Timmermeister planned to arraign accused men in the William Weber gambler house holdup during the afternoon on Wednesday.

Guy Tennent and Al Karch of Celina and David Whitfield of Chicago, were slated to be taken before Judge F. C. Layton to answer to indictments returned by the grand jury, charging them with holding up and robbing gamblers in the Weber residence here in March and relieving them of \$7,000 in diamonds and money.

Decision to arraign the men followed the arrest of Herbert Masonbrink, also of Celina, charged with complicity in the holdup, and the recovery of stolen diamonds, in Cleveland. Prosecuting Timmermeister stated that only a part of the diamonds have been recovered.

Wapakoneta officers state that Guy Tennent made a confession Tuesday night, in which he implicated Masonbrink and the others. Whitfield was the first to confess and officers say Karch has made a partial confession.

The victims of the holdups, who not only lost money and diamonds, but were fined by Mayor Newcomer and later indicted and fined in common pleas court for gambling, were assembled here Wednesday afternoon to be present at the arraignment of the alleged robbers.

**PRISONERS ESCAPE**  
NEWPORT, Ky. — Three prisoners saved bars of their cells and those of a window, dropped 30 feet from the third floor to the ground and escaped from Newport jail early today. One was recaptured. The two who got away are Daniel Carter, 28, Cynthia, Ky., charged with burglary and Harry Vickers, 21, Covington, charged with carrying concealed weapons.

**LIONS TALK BASE BALL AND PLAN DAY VISIT**  
A special car will be chartered on the Western Ohio to carry the Lions and their ladies to Dayton, May 25th, to the state convention. At the luncheon meeting Wednesday plans were completed for the trip and for the securing of the convention from Lima in 1922.

An enthusiastic baseball conference was held at this meeting which included some straight talk from Manager Harman.

**MRS. HARRIET SHAPPELL ESTATE TOTALS \$5,000**

Estate of the late Mrs. Harriet Shappell, pioneer Shawnee resident, amounted to \$5,000, according to documents filed in probate court Wednesday. Her two children Mrs. Mary E. McClintock, Hume, and T. M. Shappell, Bath, were named executors. Each shares equally in the estate.

J. J. Culp, T. W. Blackburn and O. D. Fisher were named appraisers of the property.

**FEDERAL BREAD 12c.**

## Interviews— Ideas and Fancies

R. P. REIDENBACH, Ashtabula, Ohio, attending the Baptist convention here: "I notice that Lima is a 'no street sign' town. During my stay here I have found it a serious handicap in getting about the city. I have been directed by your citizens very courteously, names of streets being given, but I find there are no signs to indicate the name of a street anywhere. A city of the size and importance of Lima should by all means have street signs."

**GEORGE E. MEHAFFEY**, Cashier of the Metropolitan Bank, "Since the form of city government in Lima is to be changed on January 1, 1922, I believe that it is only fair to the members of the first city commission that, so far as possible, the present aldermanic body and other officials clean the slate, so that there will be little to hinder the board. We have voted to try the new plan and it should be afforded every opportunity to make good. I think it unfair to saddle the new board with a vast debt, such as council now seems to be seeking to do."

**F. W. DURBIN**, stockholder in the Argonne Hotel Company: "Our new hotel, admittedly one of the most complete to be found anywhere and soon to be opened to the public, is not intended to try to put any other hotel out of business. The growing needs of Lima demand the Argonne, as well as all other splendid facilities of this city and it is gratifying to note that their owners are realizing the necessities of the future and are preparing to meet them. The excellent hotels of Lima are doing their part in advertising the city as one of the progressive centers of population of the United States."

**FRED REEDY**, 125 E. Market-st.: "The American Legion here could do wonderful work if all the ex-service men would line up with it. In other cities where I have lived, interest in the Legion has been very great and a strong organization with club rooms has been maintained. All ex-soldiers should get behind the Legion."

**MRS. E. D. LEWIS**, 121 N. Metcalfe-st.: "These rules laid down by the French officer for the government of his wife could have been much worse. I don't think they were very terrible. What I am especially interested in is some rules for men to follow."

**RUSSELL STROW**, Barber, 126 E. High-st.: "The boss is away fishing today and we are here running the shop. Believe me, he has the right dose. When the weather begins to get hot and you know that the fish are just aching to grab a hook, there is no place I would rather be than on the bank of a stream with a fish pole. Still we have to live—Next."

**WALTER JACKSON TO ADDRESS AD CLUB**

Commission government will be explained to members of the Lima Ad club by Attorney Walter S. Jackson at a dinner to be held at the Norval Hotel, 6:30 p. m., Thursday. Attorney Jackson has devoted considerable study to the subject and his talk will doubtless be of interest to the members in view of the adoption of this form of municipal rule by Lima.

Committees for the year will be announced at the meeting by H. P. Dean, president.

**RAIL WRECK DELAYS NUNGESTER FUNERAL**

A wreck on the Hocking Valley railroad, south of Columbus Tuesday, prevented arrival of the body of Miss Eunice Nungester, 16, daughter of Mrs. Charles Reed, 319 E. Second-st., who died at Gallipolis state hospital. Arrangements for the funeral were called off Wednesday afternoon because of failure of the body to arrive. Arrangements will be announced later.

**WIFE IN JAIL, PEPPE SEKS DIVORCE DECREE**

Charles Pepple, husband of Gladys Pepple, confined in the county jail on a charge of shop-lifting, wants a divorce from his wife. Pepple entered suit Wednesday morning to have their marriage annulled.

The couple were married in Wapakoneta on August 25, 1916 and have no children. Pepple charges his wife refused to prepare his meals and care for her home, spending her time at night away from home.

Mrs. Pepple was arrested in connection with thefts from the Delast store some weeks ago.

**MRS. MATTHEWS DIES FOLLOWING OPERATION**

Mrs. Isabelle Matthews, 51, 312 N. Jackson-st., died Wednesday at the City hospital, after a week's illness. She was recently subjected to an operation for tumor, from which it was believed she was recovering.

Surviving are three brothers, Ray, John and Ralph Matthews, all of Lima and three sisters, Mrs. Florence Robison, Delaware; Mrs. Carrie DeWagon, Columbus, and Mrs. Lizzie Watkins, Lima.

The body will be accompanied to Sabina on Friday for funeral services and burial.

**MEN AND MATTERS**

Dr. J. J. Sutter and Dr. T. T. Sider are attending the State Eclectic Medical convention at Columbus, which opened Tuesday and will continue until Thursday. Dr. Sutter is treasurer and Dr. Sider is a member of the auditing committee of the association. Both are scheduled to speak before the convention.

David Bell, Cleveland, was the guest of relatives in this city Tuesday and Wednesday.

**SON IS MORN**  
Mr. and Mrs. H. L. Courtney, 805 E. Kibby-st., announce the arrival of a son, born Monday.

## THREE PART GAS RATE EXPLAINED

System Demonstrated Before Convention at Cincinnati

### PUTS LIMIT ON CUSTOMER

Makes Consumer Pay for Service Contracted For

**CINCINNATI.** — (By Associated Press.) — The three part gas rate, the latest plan in the natural gas industry, was explained today to the many hundreds of delegates attending the convention here of the Natural Gas Association of America. The three part rate was explained in a paper written by H. L. Montgomery of the Gas and Fuel Company, Bartlesville, Okla., and read by T. J. Stricker of that city. The new plan is designed to make the customer pay for the kind of service he contracts for. Under the present system, customers are not limited in their use of gas.

Conservation of natural gas by the inauguration of the "three part rate" as enforced at Ottawa, Kansas, was demonstrated.

Mr. Montgomery said that in 1919 the Kansas Public Utilities Commission found that it had in that state two large pipe line systems, one with a low rate and the other a high rate. Neither apparently was earning a sufficient return and both were willing to furnish that service to which the public was entitled. They were not able to reach out and obtain a supply of gas necessary, and the amount was growing less each year. Henry L. Doherty, of New York, proposed conservation by means of the three part rate.

**PLAN EXPLAINED**  
"The three part rate," Mr. Montgomery said, "involved a customer charge including these expenses which have to do with the cost of furnishing that part of the service pertaining directly to the customer, and directly proportional to the number of customers. It has no relation to the maximum demand of the customer or the amount of gas he consumes. It is the same for all customers and includes the costs of reading meters, keeping books, billing, interest and depreciation on that part of the investment directly proportional to the number of customers. It is a constant charge throughout the year and is payable in equal monthly installments."

"Second—A demand charge which includes those expenses which vary in accordance with the maximum demand upon the system. The fixed charge is on the investment in producing, transmitting, and distributing plant are the principal factors in this part of the rate.

"Third—A consumption charge which includes those expenses which vary in proportion to the quantity of gas which the customer is called upon to supply to the customer. It is based on the quantity of gas furnished the consumer each month as indicated by the customer's meters and is expressed in cents per thousand cubic feet of gas."

Mr. Montgomery declared that the Ottawa experiments showed a "reduction of fifty seven per cent in the possible maximum demand that may be brought upon the system. This in the face of 17 per cent increase in the quantity of gas sold. What this means in the way of reliable service is very apparent. It indicates one thing — better service at less costs."

**C. C. BOARD REFUSES TO ACCEPT WITHDRAWAL OF GEORGE E. BAYLY**

George F. Bayly, delegate to the International convention of Rotary Clubs, to open in Edinburgh, Scotland, tendered his resignation as a member of the board of directors of the Chamber of Commerce, at a meeting of the board at the Lima Club Wednesday. His resignation was not accepted.

Bayly held that a director should be on the job, whereas he is to be absent in Europe for the next three months. In resigning, he felt that the Chamber would be able to fill his place with someone who would take part in the organizations activities.

The board refused to entertain his ideas, but granted him leave of absence. The International Rotary convention opens early in June.

**GUARDIAN FOR GIRL**  
Miller Julia Rawson, 746 W. Market-st., has been made guardian of Miss Ruth Levenia Rawson, 16, daughter of Hamlet E. and Levenia Rawson, who makes her residence with him. The girl has \$2,000 in money coming from the Western Union company.

**TILTON SENTENCED**  
Samuel Tilton, indicted for robbery of John Smith, watchman, Delphos, pleaded guilty when arraigned in court. Tilton was given a sentence to the Mansfield reformatory Wednesday.

## 40 OPTICAL SOCIETY MEMBERS HEAR ADDRESS BY NEW-YORK SPECIALIST

Forty Optometrists were present at the annual meeting and banquet of the Northwestern Ohio Optical society held at the Barry Hotel Tuesday night. The visitors included members from Van Wert, Wapakoneta and other nearby towns.

"Muscular Emblance," was the subject of an address given by Dr. Daniel Woolf, New York, following the banquet. The affliction commonly known as cross eyes, is caused by certain sets of muscles being over-developed, Dr. Woolf stated.

Following this talk, a clinic was held and a number of cases were treated to demonstrate methods of correction. Dr. Woolf, conducting the clinic was assisted by Walter Stevens, Toledo and S. S. Liggett, New York.

**\$3,000,000 WORK IS UNDERTAKEN**

Fifty-One Projects Under Way in City Improvement

More than \$3,000,000 worth of municipal work is being undertaken by the city of Lima at present, according to Service Director McClain, who states that his office is supervising 51 different projects.

Some of them are nearing completion others are under way and contracts for several have not been awarded. The list includes almost all classes of work, from finishing touches on the Lost Creek reservoir, to small paving and sidewalk jobs. The largest contract under way is Sewer No. 1, let to Fuller & McClintock, Cleveland. This contract calls for an expenditure of \$645,100 and the total cost may exceed three quarters of a million dollars. Other powers projected and under construction have been let to contractors for \$808,150 and the final cost may total more than a million dollars. Paving contracts which have been let will total \$368,500. Boulevard lights on which contracts have been let are estimated to cost \$551,000 and there are several large contracts not placed which will swell the total another \$100,000.

Elizabeth, Elm, North and Metcalfe-st bridge construction will cost the city another \$208,000.

Part of this work has been under way for years and is largely paid for. In other instances work has just commenced and in still others no work has been done at all.

## PLUMBERS' CLAIM IS SUSTAINED

Children's Home Heating Plant Injunction Made Perpetual

Judge F. C. Becker, Wednesday, made perpetual the injunction secured by seven plumbing and heating firms of the city against the board of county commissioners to prevent them proceeding with the installation of a heating plant at the Children's home.

Bono of contention was that because the commissioners decided to install a Moline vapor heating plant, a particular kind sold by only one Lima dealer, competitive bidding as authorized by law was prevented. Williams Bros. had been given the contract.

The commissioners will be forced to re-advertise for the sale of the heating contract and allow all persons to compete, under the decision of the court.

Plumbing and heating firms who banded together to test the law in the case are: C. C. Cowles, doing business as the Lima Plumbing & Heating company; John M. Morgan company; Theodore G. Scheld and company; George Weber and Carl Hovey, doing business as the Elizabeth-st Plumbing company; E. B. Jones and Thomas W. Kinn, as the Jones-Kinn Engineering company; John Scully and Terry McIntyre.

**BITTEN BY DOG, LAKE VIEW WOMAN IS TAKEN TO THE CITY HOSPITAL**

Mrs. Hannah Waters, 56, Lakeview, is at the City hospital, suffering from the effects of being bitten by a dog Tuesday evening.

The canine's teeth penetrated the woman's thumb back of the finger. It is believed the dog was suffering from rabies. Mrs. Waters was brought to the hospital late Tuesday evening. Her condition Wednesday morning, was reported to be improved.

**CARD OF THANKS.**  
We wish to thank our neighbors and friends who have helped us in any way during the illness and death of our dear wife and mother. Also for the beautiful floral offerings.  
L. J. Zelts and family.

## BRIDGE QUESTION NOT CLEARED UP

County Board Isn't Certain \$18,000 Can be Paid

Little satisfaction was obtained by Solicitor H. E. Garling in reference to the \$18,000 Elm-st. bridge money promised by county commissioners, at a conference held with Attorney General J. J. Price in Columbus, Tuesday.

Solicitor Garling and prosecutor Eugene Lippincott discussed the matter at length with the Attorney General, but no conclusion was reached.

The stumbling block which prevents payment of the \$18,000 promised by the county commissioners is that the bridge was advertised by the city alone, the county not joining in at the time. Commissioners now demand to know whether it is legal for them to come in at this time.

In proceeding with advertising and letting the contract, Service Director Elmer McClain followed the precedent established when contract was let for Metcalfe-st. bridge. The procedure in that case is admitted to have been irregular, but the commissioners appropriated the

money and no questions were raised. It is stated.

City officials believe that this could be done with the Elm-st. bridge alone but the commissioners assert that they are the one's liable for irregularities and refuse to take a chance.

An opinion on the matter was promised by Attorney General Price, if a written request is made setting forth the entire question.

If a favorable opinion is given, it is believed that the last obstacle blocking payment of the money will be removed.

**NOTICE.**  
The partnership heretofore existing between the undersigned, under the firm name and style of Greenland & Rose is this day dissolved by mutual consent, as far as concerns Waldo H. Rose, who retires from said firm. The business will be continued under the name of Greenland & Rose by Thomas W. Greenland, who will adjust and settle all unsettled transactions of the late firm. **INFANT NEELY DIES.**

Mary Margaret Neely, 17-days-old daughter of Mr. and Mrs. Charles Neely, Allentown, died Tuesday afternoon, after an illness, almost since birth, of heart trouble. Funeral services were held Wednesday afternoon at 2 o'clock at the residence. The Rev. E. B. Thomas officiated. Interment at Allentown.

## BLUFFTON MAN SPEAKS AT BANKERS' MEETING

Quarterly banquet of the Allentown Bankers Association was held at the Hotel Norval Tuesday evening at six. About 25 were present, a practically every bank in the county was represented.

Banking problems and economic conditions were discussed by N. Cunningham of Bluffton, the principal speaker. In the round table discussion which followed, O. Selfridge, Lima; H. M. Davis, Delphos; and Dr. T. H. Elkins, Bluffton, made short talks on current topics.

**FIVE PAY FINES ON TRAFFIC LAW CHARGE**

Five traffic violators paid fines of \$10 each when arraigned before Judge Emmet Jackson in criminal court Wednesday morning.

They were: Albert Johnson, of Watseon; Charles E. Kitta, of 305 W. Market-st.; Delbert L. 22, of Wapakoneta; George N. 26, of 542 S. Main-st.; H. E. C. 23, of 1075 S. Metcalfe; and G. W. McBeth of rural route No. 4.

**NOTICE.**

I will not be responsible for debts contracted by my wife, Edna Stewart, after this date, May 1, 1921.

# MORE MASSACRES IN ARMENIA

Dr. Hurd Makes Prediction In Address Here

That there has been no change in the daily life of the people in the Near East and that things are about as they were in the days of Abraham and Isaac, was the assertion made Dr. Harry Clarke Hurd at Memorial Hall Tuesday night, speaking on "Warlike Observations in the Bible Land."

Dr. Hurd was in charge of a camp of 7,000 Armenian refugees and as a former officer in the Red Cross is well qualified to tell of the sufferings that this persecuted people have endured for the sake of religion.

"Armenian girls are still sold in the slave markets of the Near East for \$2.50 a head," he declared. "The highest price that I have ever known to be paid was \$7.50."

Dr. Hurd predicted new massacres, more terrible than any preceding ones, because it is part of the Moslem's faith that he who kills a Christian is assured of Paradise.

Palestine has been the bridge north and south over which contending armies of the ages have marched. Napoleon took this route more than a century ago, he stated and suffered defeat within a stone's throw of Mt. Tabor.

In the World War the Germans and Turks passed thru the country from the north to meet the Allied forces advancing from Egypt and were overthrown on the same battle ground.

Transportation, by camel, power, used centuries ago is still the only means of carrying passengers and freight in the East. Railroads are coming, however, and Dr. Hurd stated that the day is not far off when the traveler will step on a train in London and get off the same train in Cape Town.

Poverty, such as America knows nothing of, reigns supreme in Bible

Lands. There are people, Dr. Hurd stated, who live their entire lives without ever eating a square meal or wearing a clean new garment.

There is no problem of garbage disposal in Jerusalem, according to Dr. Hurd. Refuse is thrown in the streets, to be consumed by hundreds of dogs.

When the British captured the city they shot all the dogs and cleaned the streets.

When a visitor calls on a Moslem, he does not ask after his host's wife, as the Arab might ask which one he meant. The law of hospitality is supreme in the East, Dr. Hurd stated.

He stated that once a visitor had left the home of a Chief, the latter might follow and kill him, particularly if the visitor had something of value.

**THE EFFICIENT WOMAN**  
We hear a great deal nowadays about the efficiency of women. In the novels of fifty years ago, who ever heard a woman praised for her executive ability, force and energy, in the sense that it is used today? The frail, delicate, helpless ideal of womanhood has passed away. How is it possible to measure up to the ideals of modern womanhood? In the first place, we must keep our bodies in the best possible condition.

Thousands of women have succeeded through daily baths, exercise in the fresh air, and Lydia E. Pinkham's Vegetable Compound at the first sign of female weakness.—Adv.

# \$34,000 FOR AID OF RESERVOIRS

Wapakoneta Base Ball Team Gets New Recruits

WAPAKONETA — J. C. Copeland, representative in the Ohio General Assembly from Anguila, secured a total of \$34,000 to improve the St. Marys, Leavittstown and Laramie reservoirs. One of the improvements will be the erection of a concrete breakwater in the St. Marys reservoir to preserve the east bank and provide better fishing.

K. of C. Lodges of Versailles, Celina, Coldwater, Wapakoneta and Wapakoneta will hold a joint initiation at Wapakoneta June 12. Candidates will number 70.

Seniors of the 1921 graduating class of Blume high school published their annual book, the "Retrospect," Edgar Raberding editor-in-chief.

Sufficient security has been secured by a joint committee of the Kiwanis club, Chamber of Commerce and Women's club to finance the purchase of a site adjacent to the B. & O. railroad here for a municipal park.

F. R. Lutz, ex-president of the Chamber of Commerce and a director of the baseball club, will dedicate the new grandstand at Koltz park Sunday.

Cleve Davis was selected as scoutmaster here. With troop leaders that he will pick he will organize the Boy Scouts.

Manager Eichler of the local baseball club strengthened his line-up by signing "Pie" Brewer, Joe Schirm and "Tex" Tewel, Dayton left fielder, first baseman and pitcher respectively. They will appear in the opener here Sunday with Coldwater.

## JOHNSON POINTS OUT TO MERCHANTS METHODS OF EXPANDING TRADE RADIUS

That Lima is neglecting excellent transportation facilities, as a means of making the city a trading center for a wide radius of territory, was the assertion made by J. Kenneth Johnson, speaking before the Lima Merchants association at the Lima Club Tuesday night.

"Lima has five railroads and ele-

ven interurban lines," Johnson reminded, "but is taking less advantage of them than some towns with only one branch line."

Advertising and trade extension tours were advocated as means of bringing business to the city.

During a short business session which followed Johnson's talk, merchants voted to investigate the co-operative delivery system. "Fixed costs, such as freight and express are going up, not down," R. B. Dunn stated "and it is inadvisable to cut down labor expense. One of the few avenues offered the business man for reducing expense seems to be cutting the cost of delivering the goods."

## AUTO PARTY ROBBED OF \$43,000 IN GEMS

WASHINGTON — Jewelry worth \$43,000 was stolen from Mrs. Bill Camp, her son, Gordon Thorne and a relative, Mrs. Martha Turnham, of Los Angeles, when they were held up early today while returning to their home in an automobile.

They were held up by a lone bandit just as they entered the driveway near the apartment where they live in the exclusive North Shore district. He stripped rings and other jewelry from fingers of the two women and from Thorne.

Mrs. Camp is the widow of W. C. Thorne, a vice-president of Montgomery Ward and Company.

## HOSPITAL ASSOCIATION ELECTS OFFICERS TODAY

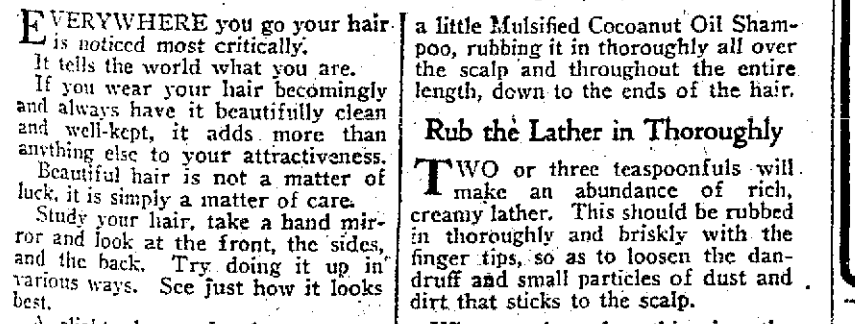

CLEVELAND — Election of officers was the principal business before the delegates to the annual convention of the Ohio Hospital Association at its closing session here today.

Following the business session there will be a joint meeting with the Ohio State Association of Graduate Nurses. A round table discussion on "Correlated Hospital and Nursing Problems," was on the program.

The nurses begin a joint three weeks convention with the Ohio State League of Nursing Education today.

## Why You Must Have Beautiful Well-kept Hair to be Attractive

EVERYWHERE you go your hair is noticed most critically. It tells the world what you are. If you wear your hair becomingly and always have it beautifully clean and well-kept, it adds more than anything else to your attractiveness. Beautiful hair is not a matter of luck, it is simply a matter of care.

Study your hair, take a hand mirror and look at the front, the sides, and the back. Try doing it up in various ways. See just how it looks best.

A slight change in the way you dress your hair, or in the way you care for it, makes all the difference in the world in its appearance.

In caring for the hair, shampooing is always the most important thing. It is the shampooing which brings out the real life and lustre, natural wave and color, and makes your hair soft, fresh and luxuriant.

When your hair is dry, dull and heavy, lifeless, stiff and gummy, and the strands cling together, and it feels harsh and disagreeable to the touch, it is because your hair has not been shampooed properly.

When your hair has been shampooed properly, and is thoroughly clean, it will be glossy, smooth and bright, delightfully fresh-looking, soft and silky.

While your hair must have frequent and regular washing to keep it beautiful, it cannot stand the harsh effect of ordinary soaps. The free alkali in ordinary soaps soon dries the scalp, makes the hair brittle and ruins it. That is why discriminating people use Mulsified Coconut Oil Shampoo. This clear, pure and entirely greaseless product cannot possibly injure and it does not dry the scalp or make the hair brittle, no matter how often you use it.

If you want to see how really beautiful you can make your hair look, just follow this simple method: FIRST, wet the hair and scalp in clear, warm water. Then apply

a little Mulsified Coconut Oil Shampoo, rubbing it in thoroughly all over the scalp and throughout the entire length, down to the ends of the hair.

Rub the Lather in Thoroughly TWO or three teaspoonfuls will make an abundance of rich, creamy lather. This should be rubbed in thoroughly and briskly with the finger tips, so as to loosen the dandruff and small particles of dust and dirt that sticks to the scalp.

When you have done this, rinse the hair and scalp thoroughly, using clear, fresh, warm water. Then use another application of Mulsified.

You can easily tell, when the hair is perfectly clean, for it will be soft and silky in the water.

Rinse the Hair Thoroughly THIS is very important. After the final washing the hair and scalp should be rinsed in at least two changes of good warm water and followed with a rinsing in cold water.

After a Mulsified shampoo, you will find the hair will dry quickly and evenly and have the appearance of being much thicker and heavier than it is.

If you want to always be remembered for your beautiful well-kept hair, make it a rule to set a certain day each week for a Mulsified Coconut Oil Shampoo. This regular weekly shampooing will keep the scalp soft and the hair fine and silky, bright, fresh looking and fluffy, wavy and easy to manage, and it will be noticed and admired by everyone.

You can get Mulsified Coconut Oil Shampoo at any drug store or toilet goods counter. A 4-ounce bottle should last for months.

The public in general has a false idea of the value of muscle. People ten times as strong as the average man, and who are able to do exceptional muscular work, are not able to do it because of lack of muscle. As a matter of fact an individual's muscular development has no more to do with resistance or immunity to disease than the color of his cheeks has to do with the richness of his blood. Many individuals with ruddy cheeks are anemic, and many an athletic young person suffers from a muscular breakdown. A reasonable amount of general exercise is essential for good health. Most people in comfortable circumstances are not for want of sufficient daily exercise. A little too much exercise, causing hypertrophy or overgrowth of one or all of the muscles, is a strain on vital energy—the unnecessarily large muscles sap the individual's energies, and that explains why physical culture freaks never win any races or break any records.

It would take a pretty efficient little muscle to lift a ton of coal to a height of 122 feet every day. You and I have a muscle that does the amount of work every day a often two or three times as much work in a day. It is the heart muscle.

With a normal blood pressure the heart pumps not less than 21 ounces of blood at each beat (amounting to 7 1-2 tons in a day) to an equivalent of 122 feet high. With a blood pressure somewhat above the normal, the work the heart does is greatly increased. In like manner a severe and prolonged muscular effort throws a heavy strain on the heart. A football game, for example, is a strain much too great for the heart of a growth youth. High school football is an unfortunate imitation of college football and many a bad suffers a heart strain that handicaps his whole life, not only by reason of his youthful undevelopment, but because of his poor training. Boxing might well take the place of football in high school athletics. Football is man's game.

The paramount problem in every case of heart disease or "heart trouble" is the careful estimation of the efficiency of the heart muscle and the application of just the proper measures to increase that efficiency without embarrassment to the capabilities of the patient's circulation. This is the only secret of the success of some physicians in treating heart disease (there are not heart specialists in this country.) The aim and object of all treatment—rest or grade exercise, diet, drugs, baths, correction of errors of hygiene, and the like—is to develop the greatest possible efficiency in the handicapped heart. There is no specific treatment for impairment of the heart muscle, but intelligent treatment, nevertheless accomplishes marvels.

# WHAT THE STARS PREDICT

This is an unfortunate day.

It is an unlucky sign for love affairs, although romance will be very prevalent at this time.

Those who seek employment will do well to wait until a more favorable rule.

Scandal will be prevalent while this sign prevails, and women will be victims of uncharitable judgment.

The late hours of the evening will be fortunate for entertainments, if they are for business rather than for social purposes.

Persons whose birthday day will be close attention to business.

Children born today will meet with success, only after great perseverance.

# JUST FOLKS—BY EDGAR A. GUEST

Brave is an easy word, and yet it is not easy to be brave; One must be patient and forget The sorrow of the grave.

When every hope is blown away, By cruel winds and chill, Above the ashes of dismay Must smile unconquered will.

Nor is this all of bravery, For hearts have much to bear And there are deeds men never see Which call for courage rare.

And there are many things to fear Along the path of men.

### STARTLING FIGURES

REPORT made by the Allen-co visiting rural school nurse on the physical condition of children, ascertained as a result of examinations made, affords food for serious thought and consideration—then action.

Miss Nickel finds among 4,045 school pupils of the county only 1,063 who are normal. Among the remaining number of 2,982 it is found there are 4,006 defects, confined to condition of eyes, ears, teeth, tonsils, cervical glands and breathing. The children were also weighed and measured and chest measurements taken, in every rural school in the county. The number of children found underweight is 1,220.

In some instances it was found that an individual pupil had two, three and four defects, such as bad teeth, bad eyes, defective hearing, improper breathing, enlarged tonsils or adenoids. Eleven hundred more pupils were examined this year than last, but the number underweight is smaller this year than last, indicating that results have already been obtained from the plan of inspection and imparting of information to the children, their teachers and parents.

Altho good progress has been made in this respect, there is still room for improvement and there should be a disposition on the part of parents to cooperate with the school authorities. In some instances it is found that parents resent medical examination of their children and refuse to adopt plans suggested by experts for the benefit of the children. Fortunately, tho, these cases are not numerous.

The best aid to this sort of movement is the holding of mothers' meetings, where experiences may be compared, subjects discussed and general welfare problems considered. School heads and parents who have an appreciation of the value of medical inspection have given every encouragement to the new plan adopted, realizing that its worth will become more and more apparent from year to year.

### CHURCH PARTIES

WE have long known of theater parties, motor parties, picnic parties and various other kinds of parties, but now comes the church party which promises to become popular. There is no reason why it should not.

A prominent business man in a mid-western city invited a number of his friends to meet him at his club on Sunday morning a few weeks ago. All accepted the invitation, not knowing what was in store for them. When they arrived at the club they were informed by the man who invited them that he desired them to go to church with him. There were no objections.

This was started in that city a movement towards the churches. Men who had not been in the habit of attending services at any church fell into line, of course not going to the same church as on the first Sunday but to those representing their various beliefs.

The plan is good. It should be extended for there is no place where more help, inspiration and solace may be found than in an hour's divine worship.

MISS LIMA: "Lima's 'paper government' may not actually get into competition with Russia, but a paper shortage might produce an embarrassing situation."

### TOO FAT OR TOO THIN

ONLY a year or so ago a certain celebrated actress was too fat. The other day she returned from the seashore with her figure made lissome by vigorous and persistent treatment of diet and exercise. She made no mystery of the change. "To die of too much fat—that was stupid," she said to the reporters. She had swum hours and hours and walked miles and miles; and being starved was her diversion. In three months by strenuous measures and incessant application she has reduced her weight 25 pounds.

Now she is in acute fear of death from heart disease. Doctors are telling her that the impairment of the heart probably came of her energetic measures to reduce her flesh.

Why cannot people be content to remain fat and hearty? This actress must not expect any very great flood of sympathy. When she was hearty and healthy she ought to have been happy. Fat people have advantages not to be despised. Over in Sweden a tax is levied upon fat people in order that they may not enjoy superior blessings without some compensation to the less fortunate portion of the community. In our own free country fat is not taxed, and people who have it are at liberty to keep it as long as they can. Health, good nature and sweet content usually go with it. Yet here is a woman who deliberately, eagerly, industriously traded off all these treasures for a case of heart disease.

It is strange how large a part of humanity are never satisfied with what they have, but must be eternally worrying and fretting and striving and starving to get something or other that somebody else is just as dissatisfied with.

### ANIMALS FOR THE PARK

CHILDREN of Lima probably get more amusement watching the few animals at Faurot park than at any other one spot about the city. On nice days during the summer one may see throngs of happy youngsters about the cages. They seem never to tire of watching the animals.

It is to be regretted that Lima does not have more animals in its zoo. Public spirited citizens have donated the greater part of those to be found there, but the collection is not growing rapidly. A movement to increase the number would be in the interest of Young Lima—an act which would be fully appreciated by the youngsters and bring to the park a menagerie at which adults could look with more pride than now.

### SOMETHING TO WORRY ABOUT

RESTAURANT food prices in Lima have reached the stage which should cause worry to the unfortunates who take their meals there. The prices have not come down with other commodities, which every housewife knows are much lower.

Here is an example, a meal bought Tuesday in a cafeteria where you lug your food around yourself:

Roast beef, modest portion; two small sweet potatoes; gravy; two rolls; pat of butter; strawberry shortcake and coffee—75 cents.

It is suggested that husbands ask their wives what meals of this kind would cost when prepared in quantity.

### NOTHING.

One of the most important things in this country is nothing.

It may be safely said that millions of people are thinking about it much of the time.

Many people are doing it. Nobody knows how many, but too many.

In some society circles it is the sole topic of conversation.

The league of nations is doing it every day and doing it consistently and industriously.

You can get it to drink almost any place in New York now.

Thousands of Americans go abroad for it. Fifty songs are written about it every week. A hundred farces about it are presented every season.

About one-half the magazine stories we read are about it.

Every real estate agent in the country has it to rent. If you don't believe it, ask him.

"We are not metropolitan town," announces a western editor. "It never causes a ripple of excitement in our town when a man comes into a public gathering with his own wife."

"If you carry liquor in your fountain pen," says Tennyson J. Daft, "don't write to me. Just send your blotter."

The saloonkeeper who used his telephone booth to serve drinks in probably figured that he might as well use it for something.

### A RECOLLECTION.

Once upon a time A young man went to call upon a girl, And he carried in one hand a bouquet— A beautiful bouquet of American Beauties— That had set him back one old iron plunk. In the other hand he carried bon-bons— A whole box of bon-bons and chocolates— Two pounds, to be exact, and they had Reduced his bank account just 80 cents. In his upper left-hand vest pocket He carried two seats for a good show— And they were right down in front Where everybody could see the girl— And the seats had cost him two dollars. After the show they had a little supper That dented him to the extent of \$1.65, And they both figured that they had Enjoyed quite a large and expensive evening. When the young lady didn't want To go to the theater he would drive Around with a livery rig—two trained nags, That would drive themselves when he Had other use for both of his arms, And the use of the team for the evening Usually made him poorer by \$2. And if he came often enough The livery man would reduce the charge To \$1.50 and occasionally would allow Him to have the rig of an evening for nothing. If the young man wanted to get married He would rent a house for \$16 a month And fill it with furniture for \$350. He would make \$25 a week and save money. What has become of this young man? Has anybody seen anything of him lately?

## The New Day without corns

THE invention of Blue-jay offered the world a way to escape corn troubles.

Millions now employ it. At least 20 million corns a year are being ended by it.

To suffer corns now is a folly. One test will prove them needless.

Blue-jay comes in liquid form or plaster. You apply it by a touch. The pain ends then and you forget the corn.

In a little while it loosens and comes out.

The way is easy, gentle, sure. It is the modern way, the right way.

Blue-jay is scientific. It is made by a surgical dressing house of world-wide repute.

It is fast displacing treatments which were harsh and wrong.

One test will convince you. Try it tonight.

## MAE MURRAY BECOMES FAMOUS IN MOVIES

Deserted the Follies to Take Up Cinema Opportunity and Has Made Good

Griffith Gives Up Plans Made to Film Story of "Faust"—Screen Directory

(BY ESTHER WAGNER.)  
THE name of Mae Murray has become one of the most famous in cinema annals. Ever since her debut in the movies several years ago, when she deserted the Follies for motion pictures, the public has watched with interest her spectacular rise to stardom. She has been most fortunate in the matter of directors and producers and while a great many of her pictures are far-fetched and meaningless, yet the lavish scale on which they are produced has made them popular. "The Gilded Lily" is her newest attempt.

Well, as the story goes, a small town salesman goes to the city and falls in love with the beautiful and successful cabaret dancer, impersonated by Mae Murray. The dancer agrees to marry him. So far, the story runs true to form. The usual movie idea is that her future is in her hands and that they will be happy if she can reconcile herself to a domestic life in gingham gowns and forget and resist the bright lights of Broadway.

But in this picture, the young man loses interest in her as soon as she leaves her gay environment. Obviously, it was the dancer and her environment which had fascinated the youth. You see, if it had been simply that interested him, he would have remained true to the small town girl to whom he was previously engaged.

Lara Benanger wrote this original movie. Whatever its limitations, it isn't the usual fault of being so obvious that at the end of the second reel the audience knows how the fifth will come out.

"The Gilded Lily" also boasts beautiful color scenes. It has wit, path and a splendid cast to recommend it. We are assured that Lima will have this production within a short time.

**Will Not Film "Faust"**  
D. W. GRIFFITH will not use "Faust" as the subject of his new production, due to impending censorship in New York and other states. Elaborate preparations for an unusual interpretation of the great classic have been put away until a firmer stability returns to the official attitude towards motion pictures.

Mr. Griffith had planned to go to Germany to take many of the scenes, and had the cast largely selected, but he has now abandoned the risk of investing practically one half million

dollars in the production. While "Faust" is read in nearly every school room throughout the world and holds high place as a classic in every library, yet the public seems to be in a sensitive and emotional state that argues against such a production at this time. Lillian Gish was to have played the role of Marguerite.

**Lauder and Jolson to Enter Film**

LOS ANGELES.—The screen is to have two notable accessions from the stage, of widely different type and character. Sir Harry Lauder and Al Jolson are the famous duo, and their transit to a new orbit at the same time is merely a matter of coincidence.

Jolson's services have long been sought, but hitherto his partners, the Shuberts, have prevailed in opposition. His decision now is the result of a recent visit to Filmland. The blackface star contrasted himself, buffeted around the country, with his friends among the cinema stars living in luxurious domesticity. That settled all arguments with the Shuberts.

Sir Harry's forthcoming tour is largely with the idea of entering the films at its conclusion. Now past fifty, the Scotch comedian has said he wants to perpetuate the Lauder idiosyncrasies in the films for coming generations. It is said that his pictures will be made in conjunction with a new foreign "talking movie" invention and that his brogue, as he hopes, will be passed on also.

## LECTURE SERIES ON ECONOMICS IS PLAN OF WOMEN

A series of interesting and beneficial lectures, three in number, will be given by instructors in the department of Home Economics in the cafeteria of Central High School to the women of the city, Thursday, May 19; Monday, May 23 and Tuesday, May 24.

The great need of such lectures has been disclosed. Many are forgetting thrift. During the war it was very easy to attempt saving, many discovering their inability, too, as it was very difficult to economize along some lines. Prices have alarmed everyone but still all squander money and time needlessly, accepting prices rather than realizing their responsibility for them. Everyone must eat. Every housewife spends much time, energy and money in the preparation of food materials. Therefore to assist the women of the city in acquiring a better knowledge of some common food materials, their manipulation and combination, this series of lectures has been arranged.

The subject of the first lecture will deal with apples—their use to give variety at low cost. Apple sauce, cake, apple sherbet and apple salad will also be demonstrated. The second lecture will have to do with vegetables, salads and greens. The last lecture will deal with housewifery, including the use of household appliances, etc. etc. will be discussed and demonstrated.

All housewives are earnestly urged to attend. Valuable lessons in economy and efficiency will be afforded and all will be shown the necessity of cooperation among women in order to bring down prices of foods.

Mr. and Mrs. E. G. Conner and daughter, Mrs. E. G. Conner, Washington, who have been engaged in evangelistic work in the western states for several years, are now participating in a meeting at Cambridge, Nebraska. From May 23 to Sept. 1 they will be constantly engaged in tabernacle meetings in Saskatchewan, Canada. Sept. 4 they will begin a 60 weeks' contract with Evangelist Stewart for meetings in Texas, Arizona, New Mexico, California, Oregon and Washington. The Conners have not been at home since the 24th of September last and will probably not return for over a year.

Fifteen members responded to roll call at the meeting of the Mentor club with Mrs. I. A. Zay at her home on S. 14th-st. Tuesday. At the conclusion of an interesting and enjoyable afternoon the hostess was assisted in serving a dainty repast by Mrs. Charles Roberts and Mrs. Leroy Earl.

Guests other than members included Mrs. J. Allan Canby, Mrs. Walter Noble and Mrs. John Kraus. Club will meet in a week with Mrs. Charles Roberts, Yant-apt, S. McDonnell-st.

Mr. William F. Hoover was hostess at a prettily appointed 1 o'clock luncheon at the Elks' home Tuesday, for the members of the Domestic Science club and a group of retired members of the club. Mrs. Hoover herself being a retired member. White carnations adorned the table and a color scheme of pink and white was detailed throughout in the appointments.

Following luncheon a most enjoyable program was presented, opening with community singing led by Mrs. Charles Black. Suggestions for home amusements were given in response to roll call. Mrs. C. A. Black followed with a paper on "Woman's Work in the Home, in Clubs, in Politics and in Business." Mr. Moler read "The Lost Child" and "Our Baby." Mrs. G. L. Wallace had a paper: Mrs. Paul DeWeese read "Count Glomond," and Mrs. Charles Black favored with several vocal selections accompanied by Mrs. W. H. Moler.

Retired club members included Mrs. Mary Bradley, Mrs. E. J. Nounman, Mrs. James Lewis, Mrs. J. S. Nichols, Mrs. Victor Bond, Mrs. J. H. Lippincott, Mrs. C. E. Steer, Mrs. J. W. Blackburn, Mrs. C. E. Loeck and Mrs. Elmer Hay.

Mrs. Frank Seals was hostess to the members of the Elks-Woo Bridge club at her home on N. Charles-st. Tuesday. At the conclusion of play with Mrs. C. E. Reeves holding high score, the hostess served tea assisted by her mother, Mrs. J. W. Blackburn, Mrs. W. L. Ayers was the only guest.

Club will meet in a fortnight with Mrs. Shelby Munnaugh, W. Market-st.

Relieved His Constipation,  
Aroused Lazy Liver,  
Strengthened His Stomach  
and Rebuilt His Entire System.

"For a long time I've suffered from constipation and the gastritis was so bad at times I'd have to loosen my belt," said Mr. Charles Cade, an electrician living at 401 Park-st., Middletown, Ohio. "Dizzy spells would sweep over me and I'd feel like I was going to fall, spots danced before my eyes and there was a vile taste in my mouth."

"I became nervous and hardly knew what a good night's rest was. No matter how careful I was about what I ate, it was all the same, for immediately after eating I would feel bloated up with gas and had a dull, heavy feeling in the lower part of my stomach and a choking sensation in my throat. I had to go without my meals many times for fear of the results. My bowels were clogged nearly all the time and I took strong purgatives to move them."

"It is discouraging to be half sick day after day so in looking around for relief I decided to try Drego. It is amazing what this splendid medicine has done for me. I've taken three bottles and feel so much better in every way I can hardly believe it's true. The constipation is gone, never have a dizzy spell, sleep sound, and best of all I can eat anything and never have the gas."

Drego is being specially introduced by Baldwin Central Drug Store, corner Main and High in Elma and sold by all druggists.

## JEALOUS GIRL ADMITS FAULT

Knows It Is Wrong and Would Avoid It

"Peggy Jane" Is Interested in  
Northern Lights

"Frenchie" and "Curly" Girls Ask  
Heaps of Questions

Dear Miss Smart:  
I AM a girl 20 years old, I am very jealous, I know, and I always like to have all my men friends shower me with attentions. I

YOU must strive to overcome jealousy itself. You can never be happy and cheerful until you do master this trait. Just be reasonable. You can readily see that you cannot monopolize the attentions of all your men friends and hold first place in their regard. That is very selfish. This does not mean, of course, that you should not strive for the respect of all of them. Holding their respect and expecting to receive all their attentions are two very different things. Surely you can see that two such grievous faults as jealousy and selfishness detract greatly from your attractiveness. You can conquer them if you will.

Popularity does not usually come to a selfish person; neither is it likely to come to one who is obviously seeking it. Bear this in mind always.

Dear Miss Smart:  
I would you please give me the date of the Northern Lights last year?

PEGGY JANE  
I could not give you the date of the Northern Lights last year. However, they were seen last Saturday and Sunday nights.

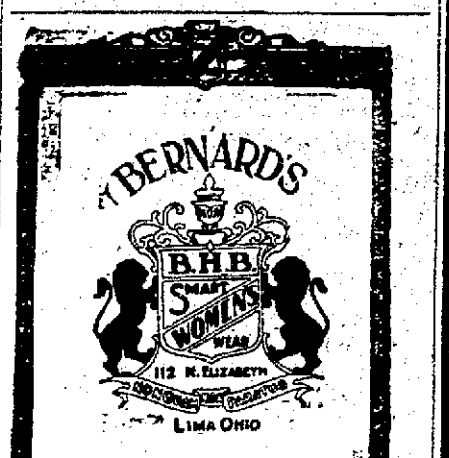

Dear Miss Smart:  
We are two girls going to high school and would like to ask you some questions. (1) Are the very short skirts still stylish? (2) What will make the eyelashes long and heavy? something expensive? (3) We would like to know some fashionable way to dress our hair. Something entirely new. (4) Would it be alright to go out in public without hats if we dress our hair prettily? We dislike hats. (5) What can one do to become easy to lead in dancing? We have talent lessons but they don't seem to help us. (6) If we are out of town visiting would it be alright to send our boy friends a card telling them where we were? (7) What shades are most becoming to persons having "coal black" hair? (8) What is the shortest and most polite answer one may give when being introduced to another? (9) If when leaving some one they say, "I'm very glad I met you," what would be a proper and polite answer? Please state something definite.

(1) Damn fashion's decrees call for the short skirts. They are very stylish, of course, but one must use a little discretion and not wear

skirts or dresses which are shockingly short and really very disgraceful. (2) To make your eyebrows grow more luxuriantly you should brush them every evening with an eyebrow brush dipped into this mixture: One ounce of olive oil; one-fourth ounce of oil of nutmeg, one-fourth dram of tincture of cantharides and one-fourth ounce of rose-mary. (3) I could not suggest any certain style of dressing the hair. This question is one which must study yourselves, trying the various present day styles of dressing the hair and adhere to the one which is most becoming to your type. Much depends upon the contour of the face of the individual. (4) I think it is a little early for one to go without a hat just at present. (5) Many girls find it very difficult to out-grow their habit of leading when dancing with a young man usually because they have been accustomed to leading other girls. Refrain from leading girls in the future. If you dance with them, let them do the leading. When you are dancing with a boy or young man forget that you are dancing. Don't think about

yourself and let him read you wherever he chooses. The only way to overcome this fault is to practice dancing and as "practice makes perfect" I am very certain you can correct this in a short time. (6) Yes. (7) Persons having very dark hair wear almost any color. (8) "How do you do, Mr. 'so and so.' I am very pleased to meet you," or some other similar expression. (9) "Thank you, I also am very pleased to have met you."

## TYPISTS TO COMPETE TONIGHT FOR PRIZES

Wednesday night, typists of the city will compete in a series of contests at Central High school, held under the auspices of the Commercial Department of the school. Five events will be conducted. The first four are between South and Central Commercial students; the other is open to any typist in the city and will probably be the most interesting of the five.  
Great interest is being shown and a number of the best typists in the city will compete. The four events between South and Central are two team and two individual contests, graded according to the experience of the entrants. This event is expected to afford the excitement that any South-Central battle causes and both schools are determined to win the prizes, silver loving cups and cash awards.  
A loving cup has been presented by the Chamber of Commerce for the first prize in the city contest. The

## BRINGING UP FATHER—

By McMANIS

## SHORT SHAVINGS

A salesman was trying to sell a vacuum bottle to a Louisville man. "It will," explained the salesman.

"Keep anything in the shape of a liquid hot or cold for seventy-two hours."

"I don't want it," said the Louisville man. "If I had anything worth drinking I wouldn't want to keep it seventy-two hours."

Lew McCall says that motorists who come thru Columbus, Mo., en route to Kansas City have about the following conversation when they stop at the filling station there:

"How far is it to Kansas City?" "One hundred and forty miles is the reply. "Gimme twenty gallons of gas and a gallon of oil," says the driver.

Then comes a Buick and the chauffeur says: "How far is it to Kansas City?" "One hundred and forty miles." "Gimme ten gallons of gas and a half gallon of oil," and he drives on.

Along comes a silver and the driver uncranks himself, gets out and stretches and asks: "How far is it to Kansas City?" "Oh, about one hundred and forty miles." "Is that all? Gimme two quarts of water and a bottle of 3 in 1, and hold this son of-a-gun until I get in."

Calder (just back from his honeymoon)—What do you think? The apartment we engaged before we left has been rented over our heads. You couldn't put us up for a couple of nights, could you?

Balder—I suppose I'll have to old man, considering that we are the people who got your apartment.

## HAIR CAME OUT IN HANDFULS

Had Dandruff and Pimples on Head. Cuticura Healed.

"I had a very bad case of dandruff and there were pimples on my head. It would itch and burn at night so I could hardly sleep. My hair was dry and lifeless and I could comb it out by the handful. A friend told me about Cuticura Soap and Ointment and I decided to give them a trial, and when I had used three cakes of Soap and three boxes of Ointment I was healed." (Signed) Albert Marshall, Box 373, Indianapolis, Indiana.

Cuticura Soap, Ointment and Talcum are all you need for all toilet uses. Bathe with Soap, soothe with Ointment, dust with Talcum. Sample Each Free by Mail Address: "Cuticura Laboratories, Dept. B, Malden, Mass." Sold everywhere. Soap 25c, Ointment 10c and 5c, Talcum 5c. Cuticura Soap shaves without lather.
